

impianti di palettizzazione  
systèmes de palettisation

Dal 1962 l'obiettivo primario di **LITA** è proporre sistemi di palettizzazione e depalettizzazione di qualità. Progettati per risolvere al meglio ogni esigenza, sono frutto dell'esperienza maturata in anni di produzione di sistemi innovativi. L'ampia gamma di macchine **LITA** offre una soluzione adeguata per ogni tipo di prodotto e per ogni cadenza produttiva. Gli impianti **LITA** sono stati acquistati da importanti industrie operanti nei settori delle Bevande, Alimentari, Chimico e Farmaceutico. Siamo a vostra completa disposizione per proporre soluzioni mirate a risolvere le Vostre esigenze. Nel caso siate interessati ai nostri prodotti, Vi preghiamo di contattare [info@lita.to.it](mailto:info@lita.to.it) e provvederemo ad inviare il nostro catalogo di produzione completo. Vi invitiamo a visitare il nostro sito web [www.lita.to.it](http://www.lita.to.it) per ottenere maggiori informazioni sulle macchine **LITA**.

Depuis 1962 l'objectif prioritaire de **LITA** est de proposer sur le marché international des installations de palettisation et de dépalettisation de haute qualité. Nos machines sont projetées pour résoudre au mieux les exigences les plus différentes, et elles sont le résultat de l'expérience acquise tout au long de ces années de production de systèmes innovateurs. L'ample gamme de machines **LITA** peut offrir une solution pour tout type de produit, et pour les grandes ou petites cadences de Vos lignes de conditionnement. Les systèmes **LITA** sont opérationnels auprès des Industries les plus importantes dans les secteurs des Boissons, Alimentaire, Chimique, et Pharmaceutique. Nous sommes bien évidemment à Votre entière disposition pour Vous proposer les solutions les mieux adaptées à Vos besoins. Si Vous êtes intéressés par les produits **LITA**, nous Vous prions de contacter [info@lita.to.it](mailto:info@lita.to.it), et il Vous sera envoyé un catalogue complet. Nous Vous invitons à visiter notre site web [www.lita.to.it](http://www.lita.to.it), pour avoir des renseignements sur les machines de production **LITA**.

Since 1962 **LITA** has aimed to offer a wide range of top quality palletising and depalletising systems. Designed to achieve the most efficient solution to any requirement, we use the experience gain through the years to provide innovative systems. **LITA** has got a wide range of machines, suitable to handle any kind of products from low to very high line speed. Hundreds of equipments have been supplied to the most important Industries of Beverage, Food, Cosmetic and Pharmaceutical branches. We are available to submit any proposal to satisfy your needs. If you are interested to the our products, please reply to [info@lita.to.it](mailto:info@lita.to.it) and we will send to you the complete brochure. You can visit our web site at [www.lita.to.it](http://www.lita.to.it) to get some information about **LITA** machines.
